Mr. Harold Weisberg
Hyattstown, Maryland

Dear Harold:

I enclose Edition III (June 15, 1967) of "The Kennedy Assassination - What the Photographs Show." Two important changes should be noted. First, Man #1 has been determined to be an optical illusion and second, Man #5 is moved to a position on a line passing through the southern doorway of the western cupola.

The exhibits mentioned are in various states of progress and are available upon request.

Regards,

Dick
